a. **Variance/Waiver:**

iii. **Elena Utkina, M.D.**

Dr. Utkina was present and was not represented by legal counsel. Serge Kuptsoff was present on behalf of Dr. Utkina, but did not file as a qualified representative, so Dr. Utkina represented herself.

Dr. Utkina submitted a Petition for Variance/Waiver, filed on January 12, 2016, requesting a waiver from Rule 64B13-4.004(1)(b)3., F.A.C. Dr. Utkina obtained a Medical Doctor degree from Khabarovsk State Medical University in Russia, and requested that the board accept this degree in lieu of a degree from a school or college of optometry accredited by the Accreditation Council of Optometric Education (ACOE). According to the petition, Dr. Utkina has taken and passed parts I and II of the NBEO examination.

**Discussion:**

Ms. Guillemette explained that rules can be waived via petition, but statutes cannot. She told Dr. Utkina that the requirement that she requested to be waived was established by 463.006, F.S.; therefore, the Board did not have authority to grant a waiver.

**Action:** Motion to deny the Petition for Variance/Waiver because the petitioner asked for a waiver of statute rather than rule was made by Dr. King. Seconded by Dr. Kepley.

Vote: 5 yeas / 0 opposed; motion carried

ii. **Tammy Wittmann, O.D.**

Dr. Wittmann was present and was not represented by counsel.

Dr. Wittmann submitted a Petition for Variance/Waiver, filed on January 6, 2015, requesting a waiver of the 7 year requirement established by Rule 64B13-4.001, F.A.C. The board denied the petition, citing Dr. Wittmann's failure to prove that application of the rule would create a substantial hardship or violate principles of fairness. On January 11, 2016, a new petition from Dr. Wittmann was received and filed, once again requesting a waiver of Rule 64B13-4.001, F.A.C. In the second petition, Dr. Wittmann explained that the circumstances that lead to her submitting her original petition had become more severe, and argued that the change in circumstances created an undue hardship.

**Discussion:**

Dr. Kaplan noted that Dr. Whittmann's parents were patients of his, and asked Dr. Whittmann if she would like him to recuse himself. Dr. Whittmann stated that Dr. Kaplan did not need to be recused.

Ms. Guillemette asked Dr. Whittmann if she had been in active practice in another jurisdiction, and asked whether or not she was up to date on her Continuing Education (CE). Dr. Whittmann explained that she had been in active practice for 18 years, and had 97 CE credits for the current period; a majority of which were Florida-approved. She specifically noted that she had taken Florida approved Jurisprudence and Medical Errors courses. Ms. Guillemette recommended granting petition in light of these facts.

Dr. King asked Ms. Guillemette how the underlying statute would be met if the board granted the petition. Ms. Guillemette reviewed the statutory requirements for licensure and pointed out the Dr. Whittmann met all of them.

Dr. Maule expressed concern over the application of the rule going forward if the petition were to be granted. Ms. Guillemette explained that only the petition was before the board, not the rule, so the Board's ruling would only affect Dr. Whittmann. She went on to state that petitions are heard and granted or denied on a case-by-case basis.

Dr. Spear asked Dr. Whittmann to explain her hardships. Discussion ensued and a motion was made.

**Action:** Motion to deny the Petition for Variance/Waiver for failure to prove a substantial hardship or achieve the purpose of the underlying statute by other means was made by Dr. King. Seconded by Dr. Kepley.

Vote: 5 yeas / 0 opposed; motion carried

Dr. Whittmann asked the Board to explain the criteria for hardship. Ms. Guillemette referred her to s. 120.542, F.S.

1 **Break: 11:45 a.m.**  
2 **Resumed: 11:54 a.m.**  
3

4 **i. Long D. Tran, O.D. -**

5 Dr. Tran was present and was not represented by counsel.  
6

7 Dr. Tran submitted a Petition for Variance/Waiver from Rule 64B13-4.001(2), F.A.C., which was filed on  
8 November 9, 2015. The petition requested a permanent waiver from the 7-year examination requirement because it  
9 had been more than 7 years since Dr. Tran had taken and passed parts I-III of the NBEO examination, but he was  
10 unable to retake any parts of the examination because of his involvement with NBEO examination preparation. The  
11 board heard the petition at the December 4, 2015 meeting, and asked that Dr. Tran obtain additional information  
12 from NBEO regarding his possible disqualification from taking the examinations. Dr. Tran obtained the information,  
13 and reappeared before the board to receive a response to his petition.  
14

15 **Discussion:**

16 Dr. Maule asked Dr. Tran when he completed the NBEO. He stated that he completed it in 2003.  
17

18 **Action:** Motion to grant the Petition for Variance/Waiver for Parts I and II of the NBEO was made by Dr. King.  
19 Seconded by Dr. Spear.  
20

21 Ms. Guillemette pointed out that Rule 64B13-4.001, F.A.C. requires that an applicant pass all parts of the NBEO  
22 examination in one sitting, and granting the waiver for Parts I and II would cause Dr. Tran to complete Part III  
23 independent from Parts I and II. Discussion ensued.  
24

25 Ms. Guillemette asked for Dr. King to specify the reason for his motion to grant the petition. Dr. King explained that  
26 application of the rule would violate the principles of fairness and create an undue hardship, as Dr. Tran was unable  
27 to sit for the examinations per NBEO policy.  
28

29 Dr. King amended his motion.  
30

31 **Action:** Motion to grant the Petition for Variance/Waiver for Parts I and II of the NBEO and allow Dr. Tran to  
32 complete Part III independent from Parts I and II because application of the rule would create a substantial hardship  
33 was made by Dr. King. Seconded by Dr. Maule.  
34

35 Vote: 5 yeas / 0 opposed; motion carried  
36

6

7 Discussion ensued regarding the provider’s technological abilities to monitor an attendee who would be viewing  
8 online to make sure that they are in attendance for the duration of the lecture. Dr. King asked Mr. Lesho how they  
9 could verify attendance. Mr. Lesho stated he did not know, but that the board could require an appearance by the  
10 provider, which would waive the 90 days and allow the Board to ask the provider directly about their monitoring  
11 technology.  
12

22 to give the lecture in accordance with Rule 64B13-5.002, F.A.C. Dr. King stated that he did not see anything that  
23 would qualify them to give a lecture on Florida Laws and Rules.  
24

25 Dr. Spear mentioned that one of the speakers had contacted him directly to speak about the course, and then offered  
26 to recuse himself due to having prior knowledge of the issue. Dr. Kaplan asked Dr. Spear if he had any financial  
27 interest related to the provider. Dr. Spear stated no. Dr. Kaplan told Dr. Spear that he did not need to recuse himself.  
28

29 Dr. King made a motion to deny the course application for failure to demonstrate competence in Florida Law in  
30 accordance with Rule 64B13-5.002, F.A.C. Dr. Kepley seconded the motion.  
31

32 Before a vote was taken, additional discussion ensued regarding the qualifications of the speakers.

57 they amend Rule 64B13-3.019, F.A.C. to remove all references to Branch Offices. She then recommended taking no
