VII. PROSECUTION REPORT

Ms. Roberts provided the caseload status to the board for review. Ms. Roberts ask for the board’s authorization to continue prosecution of cases [14] older than one year. The board approved the continued prosecution of these cases. Motioned to continue prosecution made by Dr. Kepley and seconded by Dr. Maule. Motion passes unanimously.

III. Minutes – Draft Minutes from May 13, 2016 meeting

Dr. King noted that page 3 line 17 needed to have further discussion in the minutes to reflect his comments regarding Parts I and III of the examination. Staff noted that additional discussion would be placed in the comments of the minutes. Mr. Griffin noted that lines 6 through 16 needed further clarification on the subject to note that Dr. Lifferth alleges he could not take the examinations because of his position with NBEO. Additionally, Dr. King noted two typographical errors needed to be deleted; on page 4 line seven [*is line seventeen*] has a zero that needs be struck after the word licensure, and on line 31 after continuing education. Dr. King motioned to approve the minutes with the noted corrections and Mr. Griffin seconded it. Motion passes.

IV. PETITIONS

TIMOTHY HAMILTON, O.D.

Dr. Hamilton’s license was null and void because he was not aware of the status of his license until after the fact. He previously petitioned the board with a variance and waiver of the seven-year rule for reinstatement of his license but once the license is null, there is no further action required by the department; an individual must apply as a new applicant. After presenting his case to the board at this meeting, and review of the submitted information, the board decided to waive the seven-year requirement because Dr. Hamilton previously had a Florida license and required him to do the following before granting him a new license:

- 1. Take part IV of the NBEO
- 2. Show proof 18 hours of Transcript Quality courses within one year
- 3. Show proof of 2 hours of medical errors prevention courses
- 4. Show proof of 2 hours of jurisprudence

Motioned by Dr. Spear and seconded by Dr. Maule. Motion passes unanimously.

Cassandra Young, O.D.

Dr. Young was not present and not represented by counsel. Dr. Young presented a petition for variance and waiver of Rule 64B13-4.001, F.A.C. After review of the information presented by Dr. Young, the board voted to deny the petition because she has not shown a hardship in the view of the board members. Motion by Dr. Spears to deny because she has not demonstrated a substantial hardship in the board’s view. Dr. Kepley seconded the motion. Motion passes unanimously.

1 Tammy Whittman, O.D.
2 Dr. Whittman was present but not represented by counsel. Dr. Whittman was previously denied her
3 petition for variance and waiver. She appealed the decision of the board and filed the appeal with the
4 Division of Administrative Hearings (DOAH) instead of the board. The board was advised by board
5 counsel to either grant the approval or not file the petition with DOAH. After discussion of the subject,
6 Dr. Maule motioned to approve tolling in order to present the information to DOAH. Dr. King seconded
7 it and the motion passed unanimously.

8
9 Nicole Yontz, O.D.

10 Dr. Yontz was present and represented by counsel Mienda Kiam, who presented a petition for variance
11 and waiver of Rule 64B13-4.001, F.A.C. After discussion of the request by private counsel and the board,
12 Dr. King motioned to deny the request because there is no perceived unfairness by the board to Dr.
13 Yontz, and Dr. Yontz has not presented a substantial hardship in the view of the board. Dr. Kepley
14 seconded the motion. Motion passes unanimously.

15
16 **XII. DECLARATORY STATEMENT – Nova Southeastern University**

17 Counsel for the declaratory statement is Jamie Gulman and she presented the request to the board. The
18 declaratory statement is for the screening of school children and adults at health fairs. The Nova
19 Southeastern is seeking to find if their screening falls under Rule 64B13-3.07(2), F.A.C. After further
20 discussion Dr. Spear motioned to affirm positively to the declaratory statement as presented, Dr. Maule
21 seconded the motion. Motion passes unanimously.

22
23 **V. CONTINUING EDUCATION**

24 Continuing education course presented by Reed Elsevier/Vision Council of America: (Cataract
25 Comanagement) Course #20-556276 was presented for retroactive approval of Transcript Quality (TQ).
26 The course was presented after it was taught but must be presented for review before teaching the
27 course. After review and discussion of the information, Dr. Maule motioned for denial because the
28 course was presented for approval retroactively after the offering of the course. Dr. Spear seconded it.
29 Motion passes unanimously.

30
31 Continuing education course presented by Charles Gremillion “Weird Retina” Course #20-521241. After
32 review and discussion of the information, Dr. King motioned to approve the course for TQ, Dr. Spear
33 seconded the motion. Motion passes unanimously.

34
35 Continuing education course Richard Palmer “The History of Medical Benefits of Beer” Course #20-
36 556556 was motioned by Dr. Kepley for denial and seconded by Dr. King because the course has nothing
37 to do with treating the eye. Motion passes unanimously.

38
39 **VI. RATIFICATION LIST**

40 Licensure – motion to ratify by Dr. Maule, seconded by Dr. King, motion passes unanimously.
41 Faculty list – motion to ratify by Dr. Spear, seconded by Dr. Maule, motion passes unanimously.

IX. EXECUTIVE DIRECTOR’S REPORT

Dr. Spivey reminded the board of the chair/vice chair meeting and the healthiest weight meeting in September. Additionally, Dr. Spivey informed the financial disclosure statement requirement deadline was nearing. All members noted they had completed their filing status.

X. BOARD COUNSEL REPORT

Board counsel asked that Dr. Kaplan have delegated authority to sign the annual regulatory plan when complete. Dr. Spear motion to approve the delegation and Dr. Maule seconded the motion. Motion passes unanimously.

Ms. Guillemete provided a rules report to the board for review to include having the board approve the changes to the application presented by JAPC. Motion to approve made by Dr. King, seconded by Dr. Maule. Dr. Kaplan discussed with the board Rule 64B13-3.003 Patient Records. The discussion revolved around rather the time-period for keeping records should be changed. After discussion with the board, it was decided not to change the rule at this time.

As part of the board counsel report the discussion of the drug Xiidra (liftegrast ophthalmic solution 5%) for dry eye was presented by Dr. Reid for approval to add the drug to the formulary. Dr. Spear recused himself from discussion because of a financial conflict. After discussion of the information of the information the board voted to approve adding the drug to the formulary but with the stipulation that no Florida optometrist can prescribe the drug until the rule has passed. The board requested a notice be posted on the website notifying licensed optometrists of this information. Dr. Kepley motioned to pass the request to add Xiidra [5%] to the formulary and Dr Maule seconded it. Motion passes.

31 **III. PETITIONS:**

32 **a. Variance/Waiver:**

33 **i. Akram Masood, O.D.**

34 Petitioner was not represented by counsel.

35 Dr. Masood submitted a Petition for Variance/Waiver from Rule 64B13-4.001(2), F.A.C., which was filed on April
36 1, 2016. The petition requested that the board allow Dr. Masood to apply without taking Part III of the NBEO exam.
37 The petition specifically notes that he has already fulfilled that requirement in the past.

38 **Discussion:** Dr. Masood has only taken Part III one time and didn't get the required 75%. He hasn't showed any
39 proof of hardship. Dr. Masood should take Part III of the exam. The petition should be denied.

40 **Action:** Motion to deny the Petition for Variance/Waiver was made by Dr. King.

41 Seconded by Dr. Maule.

ii. **Austin Lifferth, O.D.**

Petitioner was not represented by counsel.

Dr. Lifferth submitted a Petition for Variance/Waiver from Rule 64B13-4.001, F.A.C., which was filed on July 23, 2015. Another one was filed on September 10, 2015. Both of these petitions were denied. Board office received an email on April 12, 2016 requesting a waiver from the 7-year examination requirement. It has been more than 7 years since Dr. Lifferth has taken and passed parts I-III of the NBEO examination. He alleges he cannot retake any parts of the examination due to his “direct and current involvement” with NBEO examination preparation. Upon further discussion by the board members, they opined that Dr. Lifferth has not demonstrated he could not take all three parts of the examination. In lieu of re-taking parts I-III of the examination, Dr. Lifferth has taken and passed the Advance Competency in Medical Optometry (ACMO) examination offered by NBEO. The passing score for the ACMO and previous passing scores for parts I-III of the national examination were presented to the board for review.

Discussion:

Action: Dr. King motion to approve the waiver request of the rule for part II, and deny request for parts I and III. The motion was seconded by John Griffin.
Vote: 6 in favor / 0 opposed; motion carried

iii. **Timothy B. Hamilton, O.D.**

Petitioner was not represented by counsel.

Dr. Hamilton is asking to have a waiver of rules 64B13-11.004 and 64B13-4.001 in order to have his license reinstated. He did not understand the terminology of Delinquent status. He thought he had placed it on inactive status. He didn't understand that after a license had been delinquent for 7 years the license then goes to null & void status. He would like the examination requirements waived in order to receive his license back.

Discussion: Dr. Hamilton has not applied to the State of Florida at this time. Therefore, no decision can be made until an application has been submitted. Once Dr. Hamilton has submitted an application and has been notified that he is not eligible he can then file for a waiver. Mr. Griffin asked Dr. Hamilton if he would like to withdraw his Petition application. He said “yes”.

Action: No action taken. Dr. Hamilton withdrew his Petition.

Section III concluded: 10:19 a.m.

Section IV began: 10:19 a.m.

IV. APPLICATIONS

a. Continuing Education Courses

- i. National Glaucoma Society: “My Favorite Cases”
Course #20-519119

Janet Swartz is seeking approval of the above mentioned Continuing Education course. This is a webinar course.

Discussion: There was some concern over the validity of the attendee being who they say they are. Janet Swartz made the point that even in a live seminar you have people that are not engaged but they get credit. She also stated that there is a certain amount of trust involved. Ms. Swartz said they receive great feedback from their webinar. John Griffin asked to do an addendum to adequately verify attendance.
All Webinar courses will need to go through the CE Chair for approval.

Action: Motion to approve course application was made by Dr. Maule.
Seconded by Dr. King.
Vote: 6 in favor / 0 opposed; motion carried

The Application Rule or Portion of the Rule:

Page 2 "Florida Health Application for Licensure as Certified Optometrist"

The Citation to the statute the rule is implementing:

Submission of Official NBEO scores- directly sent from the National Board to this office- for Parts I (ABS), II (PAM – which includes the TMOD) and III (specifically biomicroscopy, binocular indirect ophthalmoscopy and dialated biomicroscopy and non-contact fundus lens evaluation skills). Documentation that these tests were successfully completed within the past 7 years.

The type of action requested:

Asking that the Board Consider my request for licensure by endorsement based on clinical practice and teaching experience, and my proposed intentions to limit the application of my practice skills to research and educational settings.

Specific facts that demonstrate a substantial hardship or a violation of principles of fairness that would justify a waiver or variance for this practitioner:

I successfully completed parts I & II of the National Boards in June 1968 and the TMOD in April 1999. I am a Veteran, and practiced optometry in the military with distinction for more than 20 years. During that period I also attained a MEd in Education from the University of Southern California and PhD from the University of Houston College Of Optometry. At the completion of my military career I chose a career in academia, where I took leadership roles as the Dean of the College of Optometry in Oklahoma. In 1997 I left academia to assume the position of Director of Optometry Service for the Department of Veterans Affairs. I returned to the Army Research Laboratory after 9/11/2001 and served 5 more years as a civilian research scientist investigating the use of night vision goggles by U.S. forces in Iraq and Afghanistan. I maintained a private practice, limited to nursing home care, and was the sole provider of eye care services to the residents of all skilled care facilities in northern Delaware from 2003-2009. In 2000, I returned to Academia, as a Professor of Optometry, at the Pennsylvania College of Optometry. I left my solo practice in 2009, and devoted my full time efforts to optometric education. I was appointed Associate Dean of the Salus Biomedicine PhD Program in 2014 and retired from that position when I moved to Florida in June 2016.

The reason why the variance or the waiver requested would serve the purposes of the underlying statute:

My goal in requesting your consideration of licensure by appointment is to allow me to continue to share my educational and research experience in clinical environments in my own community now – Tampa, Florida. I hope that you will consider my career contributions and continuing efforts to maintain my professional competency- in lieu of the National Board requirement. If I am denied this request I will not be able to continue a career I have practiced with pride and honor for the past 48 years. I cannot imagine a hardship of greater severity. I do not intend to practice optometry in a traditional clinical setting; however, I feel that I can still provide unique educational and research experiences to local optometrists and research investigators. I appreciate your consideration of this request and hope that you will honor it.

A statement whether the variance or waiver is permanent or temporary. If the variance or waiver is temporary, the petition shall include the dates indicating the duration of the requested variance or waiver:

I would ask that the Board's decision of the variance or waiver be permanent.

Respectfully Submitted,

Professor, OD, MEd, PhD, FAAO (Dipl), FNAP

This chapter implements Section 120.542, F.S., by establishing the procedures for granting or denying petitions for variances and waivers of agency rules, and, should be read in conjunction with the provisions of Sections 120.52(18), 120.52(19) and 120.542, F.S.

Rulemaking Authority 14.202, 120.542 FS. Law Implemented 120.542(5)(b)8. FS. History—New 4-1-97, Amended 1-15-07.

28-104.002 Petition for Variance or Waiver.

(1) A petition for a variance from or waiver of an agency rule shall be filed with the clerk of the agency that adopted the rule, with a copy to the Joint Administrative Procedures Committee, Room 680, Pepper Building, 111 W. Madison Street, Tallahassee, Florida 32399-1400.

(2) The petition must include the following information:

(a) The caption shall read:

Petition for (Variance from) or (Waiver of) Rule (Citation)

(b) The name, address, any e-mail address, telephone number, and any facsimile number of the petitioner, if the party is not represented by an attorney or a qualified representative;

(c) The name, address, e-mail address, telephone number, and any facsimile number of the attorney or qualified representative of the petitioner, if any;

(d) The applicable rule or portion of the rule;

(e) The citation to the statute the rule is implementing;

(f) The type of action requested;

(g) The specific facts that demonstrate a substantial hardship or a violation of principles of fairness that would justify a waiver or variance for the petitioner;

(h) The reason why the variance or the waiver requested would serve the purposes of the underlying statute; and

(i) A statement whether the variance or waiver is permanent or temporary. If the variance or waiver is temporary, the petition shall include the dates indicating the duration of the requested variance or waiver.

(3) The petition for a variance or waiver may be withdrawn by the applicant at any time before final agency action.

(4) Upon receipt of a petition for variance or waiver, the agency shall furnish a copy of the petition to any other agency responsible for implementing the rule.

Rulemaking Authority 14.202, 120.54(5) FS. Law Implemented 120.54(5)(b)8. FS. History—New 4-1-97, Amended 3-18-98, 2-5-13.

28-104.003 Comments on Petition.

(1) Any interested person or other agency may submit written comments on the petition for a variance or waiver within 14 days after the notice required by Section 120.542(6), F.S. The agency shall state in any order disposing of the petition whether comments were received by the agency.

(2) The agency shall maintain the comments as part of the record.

(3) The right to comment pursuant to this section does not alone confer party status in any proceeding arising from a petition for variance or waiver.

Rulemaking Authority 14.202, 120.54(5)(b)8. FS. Law Implemented 120.54(5)(b)8. FS. History—New 4-1-97, Amended 2-5-13.

28-104.004 Petition for Emergency Variance or Waiver.

- (1) A person requesting an emergency variance from or waiver of an agency rule shall so state in the caption to the petition.
- (2) In addition to the other requirements of Section 120.542(5), F.S., and this chapter, the petition shall specify:
 - (a) The specific facts that make the situation an emergency; and
 - (b) The specific facts to show that the petitioner will suffer an immediate adverse effect unless the variance or waiver is issued more expeditiously than the time frames provided in Section 120.542, F.S.

Rulemaking Authority 14.202, 120.54(5)(b)8. FS. Law Implemented 120.54(5)(b)8. FS. History—New 4-1-97.

28-104.005 Time for Consideration of Emergency Petition.

(1) Within 5 days after filing a petition for emergency variance or waiver with the agency clerk, the agency shall give notice of receipt of the petition on its website, if it has one. The agency shall also give notice by any procedure that is fair under the circumstances or provide notice of the petition to the Department of State for publication in the first available issue of the Florida Administrative Register. Any notice under this subsection shall inform interested persons of the right to submit comments. Interested persons or other agencies may submit written comments on the petition for emergency variance or waiver within 5 days after publication of the notice required herein. The notice and comment requirements in this subsection shall not apply if the agency head finds that an immediate danger to the public health, safety, or welfare requires an immediate final order, which final order shall recite with particularity the facts underlying such finding.

(2) The agency shall grant or deny a petition for emergency variance or waiver or determine that the request is not an emergency within 30 days of its receipt by the agency. If such petition is not granted or denied within this time limit, the petition shall be deemed approved unless the time limit is waived by the petitioner.

(3) If the agency decides that the situation is not an emergency, the agency shall so notify the petitioner in writing, and the petition shall then be reviewed by the agency on a non-emergency basis as set forth in Section 120.542(7), F.S.

(4) The duration of an emergency variance or waiver shall be determined by the agency.

(5) The agency shall issue a written order granting or denying the petition. The order shall state the facts and reasons supporting the agency's action.

Rulemaking Authority 14.202, 120.54(5)(b)8. FS. Law Implemented 120.54(5)(b)8. FS. History—New 4-1-97, Amended 1-15-07, 12-24-07, 2-5-13.

28-104.0051 Revocation of Emergency or Temporary Variance or Waiver.

(1) Upon receipt of evidence sufficient to show that the recipient of an order granting an emergency or temporary variance or waiver is not in compliance with the requirements of that order, the agency shall issue an order to show cause why the emergency variance or waiver should not be revoked.

(2) The recipient of an emergency or temporary variance or waiver shall respond to the order to show cause why the emergency variance or waiver should not be revoked within 15 days of the mailing date of the order to show cause. Failure to timely respond shall result in a final order revoking the emergency or temporary variance or waiver.

Rulemaking Authority 14.202, 120.54(5)(b)8. FS. Law Implemented 120.54(5)(b)8. FS. History—New 3-18-98.

28-104.006 Request for Information.

(1) When a person inquires of the agency about the possibility of relief from any rule requirements or the remedies available pursuant to Section 120.542, F.S., the agency shall provide the information required by Section 120.542(4), F.S., within 15 days of the inquiry.

(2) In its response to a request for information, the agency shall indicate the name, address and e-mail address of the appropriate contact person for additional information and shall indicate how a petition for variance or waiver is filed with the agency.

Rulemaking Authority 14.202, 120.54(5)(b)8. FS. Law Implemented 120.542(4) FS. History—New 4-1-97, Amended 2-5-13.

➔120.542. Variances and waivers

(1) Strict application of uniformly applicable rule requirements can lead to unreasonable, unfair, and unintended results in particular instances. The Legislature finds that it is appropriate in such cases to adopt a procedure for agencies to provide relief to persons subject to regulation. A public employee is not a person subject to regulation under this section for the purpose of petitioning for a variance or waiver to a rule that affects that public employee in his or her capacity as a public employee. Agencies are authorized to grant variances and waivers to requirements of their rules consistent with this section and with rules adopted under the authority of this section. An agency may limit the duration of any grant of a variance or waiver or otherwise impose conditions on the grant only to the extent necessary for the purpose of the underlying statute to be achieved. This section does not authorize agencies to grant variances or waivers to statutes or to rules required by the Federal Government for the agency's implementation or retention of any federally approved or delegated program, except as allowed by the program or when the variance or waiver is also approved by the appropriate agency of the Federal Government. This section is supplemental to, and does not abrogate, the variance and waiver provisions in any other statute.

(2) Variances and waivers shall be granted when the person subject to the rule demonstrates that the purpose of the underlying statute will be or has been achieved by other means by the person and when application of a rule would create a substantial hardship or would violate principles of fairness. For purposes of this section, "substantial hardship" means a demonstrated economic, technological, legal, or other type of hardship to the person requesting the variance or waiver. For purposes of this section, "principles of fairness" are violated when the literal application of a rule affects a particular person in a manner significantly different from the way it affects other similarly situated persons who are subject to the rule.

(3) The Governor and Cabinet, sitting as the Administration Commission, shall adopt uniform rules of procedure pursuant to the requirements of [s. 120.54\(5\)](#) establishing procedures for granting or denying petitions for variances and waivers. The uniform rules shall include procedures for the granting, denying, or revoking of emergency and temporary variances and waivers. Such provisions may provide for expedited timeframes, waiver of or limited public notice, and limitations on comments on the petition in the case of such temporary or emergency variances and waivers.

(4) Agencies shall advise persons of the remedies available through this section and shall provide copies of this section, the uniform rules on variances and waivers, and, if requested, the underlying statute, to persons who inquire about the possibility of relief from rule requirements.

(5) A person who is subject to regulation by an agency rule may file a petition with that agency, with a copy to the committee, requesting a variance or waiver from the agency's rule. In addition to any requirements mandated by the uniform rules, each petition shall specify:

(a) The rule from which a variance or waiver is requested.

(b) The type of action requested.

(c) The specific facts that would justify a waiver or variance for the petitioner.

(d) The reason why the variance or the waiver requested would serve the purposes of the underlying statute.

(6) Within 15 days after receipt of a petition for variance or waiver, an agency shall provide notice of the petition to the Department of State, which shall publish notice of the petition in the first available issue of the Florida Administrative Register. The notice shall contain the name of

the petitioner, the date the petition was filed, the rule number and nature of the rule from which variance or waiver is sought, and an explanation of how a copy of the petition can be obtained. The uniform rules shall provide a means for interested persons to provide comments on the petition.

(7) Except for requests for emergency variances or waivers, within 30 days after receipt of a petition for a variance or waiver, an agency shall review the petition and request submittal of all additional information that the agency is permitted by this section to require. Within 30 days after receipt of such additional information, the agency shall review it and may request only that information needed to clarify the additional information or to answer new questions raised by or directly related to the additional information. If the petitioner asserts that any request for additional information is not authorized by law or by rule of the affected agency, the agency shall proceed, at the petitioner's written request, to process the petition.

(8) An agency shall grant or deny a petition for variance or waiver within 90 days after receipt of the original petition, the last item of timely requested additional material, or the petitioner's written request to finish processing the petition. A petition not granted or denied within 90 days after receipt of a completed petition is deemed approved. A copy of the order granting or denying the petition shall be filed with the committee and shall contain a statement of the relevant facts and reasons supporting the agency's action. The agency shall provide notice of the disposition of the petition to the Department of State, which shall publish the notice in the next available issue of the Florida Administrative Register. The notice shall contain the name of the petitioner, the date the petition was filed, the rule number and nature of the rule from which the waiver or variance is sought, a reference to the place and date of publication of the notice of the petition, the date of the order denying or approving the variance or waiver, the general basis for the agency decision, and an explanation of how a copy of the order can be obtained. The agency's decision to grant or deny the petition shall be supported by competent substantial evidence and is subject to [ss. 120.569](#) and [120.57](#). Any proceeding pursuant to [ss. 120.569](#) and [120.57](#) in regard to a variance or waiver shall be limited to the agency action on the request for the variance or waiver, except that a proceeding in regard to a variance or waiver may be consolidated with any other proceeding authorized by this chapter.

(9) Each agency shall maintain a record of the type and disposition of each petition, including temporary or emergency variances and waivers, filed pursuant to this section.

DOH/PROSECUTOR'S REPORT

BOARD OF OPTOMETRY

Meeting Date October 14, 2016

TO: Dr. Anthony Spivey, DBA, Executive Director
FROM: Christopher Dierlam, Assistant General Counsel
DATE: October 10, 2016
RE: Current Open / Pending Optometry Cases

Case Inventory:

Total Cases open/active in PSU:	22
Cases in Emergency Action Unit:	0
Cases under legal review:	13
Cases with probable cause recommendation:	3
Total Cases where PC has been found:	4
Cases in holding status:	0
Cases pending before DOAH:	0
Cases in intake status:	0
Cases agendaed for Board:	2
Cases on Appeal:	0

Total Number of Cases Older Than One Year: 15

We are continuing to work diligently to resolve all optometry cases. The prior prosecutor recently left the Department and a new prosecutor was assigned the profession. While the number of cases older than one year is a concern, the prosecutor will be working diligently to reduce this number by the next Board meeting. Furthermore, both cases heard today were older than one year. The prosecutor has already made significant progress in reducing the number of cases under legal review and plans to schedule a probable cause panel in the near future where multiple year or older cases will be heard.

MEMORANDUM

To: Optometry Board

From: Board Counsel
Diane L. Guillemette

Re: Disciplinary Guidelines

Date: September 20, 2016

The legislature added an additional violation to 456.072 effective July 1, 2016.

Section 456.072(1)(oo), F.S. Willfully failing to comply with s. 627.64194 or s. 641.513 with such frequency as to indicate a general business practice.

The Board should consider categorizing that violation within the disciplinary guideline rule section.

Sections 627.64194 and 641.513 are attached.

627.64194. Coverage requirements for services provided by nonparticipating providers; payment collection limitations.

(1) As used in this section, the term:

(a) "Emergency services" means emergency services and care, as defined in s. 641.47(8), which are provided in a facility.

(b) "Facility" means a licensed facility as defined in s. 395.002(16) and an urgent care center as defined in s. 395.002(30).

(c) "Insured" means a person who is covered under an individual or group health insurance policy delivered or issued for delivery in this state by an insurer authorized to transact business in this state.

(d) "Nonemergency services" means the services and care that are not emergency services.

(e) "Nonparticipating provider" means a provider who is not a preferred provider as defined in s. 627.6471 or a provider who is not an exclusive provider as defined in s. 627.6472. For purposes of covered emergency services under this section, a facility licensed under chapter 395 or an urgent care center defined in s. 395.002(30) is a nonparticipating provider if the facility has not contracted with an insurer to provide emergency services to its insureds at a specified rate.

(f) "Participating provider" means, for purposes of this section, a preferred provider as defined in s. 627.6471 or an exclusive provider as defined in s. 627.6472.

(2) An insurer is solely liable for payment of fees to a nonparticipating provider of covered emergency services provided to an insured in accordance with the coverage terms of the health insurance policy, and such insured is not liable for payment of fees for covered services to a nonparticipating provider of emergency services, other than applicable copayments, coinsurance, and deductibles. An insurer must provide coverage for emergency services that:

(a) May not require prior authorization.

(b) Must be provided regardless of whether the services are furnished by a participating provider or a nonparticipating provider.

(c) May impose a coinsurance amount, copayment, or limitation of benefits requirement for a nonparticipating provider only if the same requirement applies to a participating provider.

The provisions of s. 627.638 apply to this subsection.

(3) An insurer is solely liable for payment of fees to a nonparticipating provider of covered nonemergency services provided to an insured in accordance with the coverage terms of the health insurance policy, and such insured is not liable for payment of fees to a nonparticipating provider, other than applicable copayments, coinsurance, and deductibles, for covered nonemergency services that are:

(a) Provided in a facility that has a contract for the nonemergency services with the insurer which the facility would be otherwise obligated to provide under contract with the insurer; and

(b) Provided when the insured does not have the ability and opportunity to choose a participating provider at the facility who is available to treat the insured.

The provisions of s. 627.638 apply to this subsection.

(4) An insurer must reimburse a nonparticipating provider of services under subsections (2) and (3) as specified in s. 641.513(5), reduced only by insured cost share responsibilities as specified in the health insurance policy, within the applicable timeframe provided in s. 627.6131.

(5) A nonparticipating provider of emergency services as provided in subsection (2) or a nonparticipating provider of nonemergency services as provided in subsection (3) may not be reimbursed an amount greater than the amount provided in subsection (4) and may not collect or attempt to collect from the insured, directly or indirectly, any excess amount, other than copayments, coinsurance, and deductibles. This section does not prohibit a nonparticipating provider from collecting or attempting to collect from the insured an amount due for the provision of noncovered services.

(6) Any dispute with regard to the reimbursement to the nonparticipating provider of emergency or nonemergency services as provided in subsection (4) shall be resolved in a court of competent jurisdiction or through the voluntary dispute resolution process in s. 408.7057.

West's F. S. A. § 627.64194, FL ST § 627.64194

Current through the 2016 Second Regular Session of the Twenty-Fourth Legislature.

Effective: July 1, 2016

641.513. Requirements for providing emergency services and care

(1) In providing for emergency services and care as a covered service, a health maintenance organization may not:

(a) Require prior authorization for the receipt of prehospital transport or treatment or for emergency services and care.

(b) Indicate that emergencies are covered only if care is secured within a certain period of time.

(c) Use terms such as "life threatening" or "bona fide" to qualify the kind of emergency that is covered.

(d) Deny payment based on the subscriber's failure to notify the health maintenance organization in advance of seeking treatment or within a certain period of time after the care is given.

(2) Prehospital and hospital-based trauma services and emergency services and care must be provided to a subscriber of a health maintenance organization as required under ss. 395.1041, 395.4045, and 401.45.

(3)(a) When a subscriber is present at a hospital seeking emergency services and care, the determination as to whether an emergency medical condition, as defined in s. 641.47 exists shall be made, for the purposes of treatment, by a physician of the hospital or, to the extent permitted by applicable law, by other appropriate licensed professional hospital personnel under the supervision of the hospital physician. The physician or the appropriate personnel shall indicate in the patient's chart the results of the screening, examination, and evaluation. The health maintenance organization shall compensate the provider for the screening, evaluation, and examination that is reasonably calculated to assist the health care provider in arriving at a determination as to whether the patient's condition is an emergency medical condition. The health maintenance organization shall compensate the provider for emergency services and care. If a determination is made that an emergency medical condition does not exist, payment for services rendered subsequent to that determination is governed by the contract under which the subscriber is covered.

(b) If a determination has been made that an emergency medical condition exists and the subscriber has notified the hospital, or the hospital emergency personnel otherwise have knowledge that the patient is a subscriber of the health maintenance organization, the hospital must make a reasonable attempt to notify the subscriber's primary care physician, if known, or the health maintenance organization, if the health maintenance organization had previously requested in writing that the notification be made directly to the health maintenance organization, of the existence of the emergency medical condition. If the primary care physician is not known, or has not been contacted, the hospital must:

1. Notify the health maintenance organization as soon as possible prior to discharge of the subscriber from the emergency care area; or

2. Notify the health maintenance organization within 24 hours or on the next business day after admission of the subscriber as an inpatient to the hospital.

If notification required by this paragraph is not accomplished, the hospital must document its attempts to notify the health maintenance organization of the circumstances that precluded attempts to notify the health maintenance organization. A health maintenance organization may not deny payment for emergency services and care based on a hospital's failure to comply with the notification requirements of this paragraph. Nothing in this paragraph shall alter any contractual responsibility of a subscriber to make contact with the health maintenance organization, subsequent to receiving treatment for the emergency medical condition.

(c) If the subscriber's primary care physician responds to the notification, the hospital physician and the primary care physician may discuss the appropriate care and treatment of the subscriber. The health maintenance organization may have a member of the hospital staff with whom it has a contract participate in the treatment of the subscriber within the scope of the physician's hospital staff privileges. The subscriber may be transferred, in accordance with state and federal law, to a hospital that has a contract with the health maintenance organization and has the service capability to treat the subscriber's emergency medical condition. Notwithstanding any other state law, a hospital may request and collect insurance or financial information from a patient in accordance with federal law, which is necessary to determine if the patient is a subscriber of a health maintenance organization, if emergency services and care are not delayed.

(4)1A subscriber may be charged a reasonable copayment, as provided in s. 641.31(12), for the use of an emergency room.

(5)1 Reimbursement for services pursuant to this section by a provider who does not have a contract with the health maintenance organization shall be the lesser of:

(a) The provider's charges;

(b) The usual and customary provider charges for similar services in the community where the services were provided; or

(c) The charge mutually agreed to by the health maintenance organization and the provider within 60 days of the submittal of the claim.

Such reimbursement shall be net of any applicable copayment authorized pursuant to subsection (4).

(6) Reimbursement for services under this section provided to subscribers who are Medicaid recipients by a provider for whom no contract exists between the provider and the health maintenance organization shall be determined under chapter 409.

(7) Reimbursement for services under this section provided to subscribers who are enrolled in a health maintenance organization pursuant to s. 624.91 by a provider for whom no contract exists between the provider and the health maintenance organization shall be the lesser of:

(a) The provider's charges;

(b) The usual and customary provider charges for similar services in the community where the services were provided;

(c) The charge mutually agreed to by the entity and the provider within 60 days after submittal of the claim; or

(d) The Medicaid rate.
